O. C. Bosbyshell, Esq.,

Superintendent Mint U.S.,

Philadelphia, Pennsylvania.

Sir:

Referring to my request, in regard to striking some medals for the International Geological Congress, which meets in this City next month, I would say, that owing to some trooble in the preparation of the dies, they will not be finished, that is, the dies will not, until the morning of the 28th instant, when they will be delivered to you by Messrs Bailey, Banks and Biddle, of your City. I wish them struck as promptly as possible after you receive the dies, and all preliminary steps taken previously. I believe the gentlemen in charge of the preparation of the medals desire also some sort of an attachment to the medal struck at the Mint, which they will explain to you. If it is possible to do the work at the Mint, I wish it done. In brief, I desire to expedite the preparation of these medals as far as the facilities of the Mint will permit, and to do the work as reasonably and as nicely as practicable.

Respectfully yours,

E. O. Leech

Director of the Mint.
